

## About New Amsterdam Grasslands

What is now called the New Amsterdam Grasslands was identified in 1997 by Craig Thompson, a founder of Mississippi Valley Conservancy, as one of our most important areas of conservation need. This 310-acre site in La Crosse County is significant enough in size that it provides critical nesting ground for rare grassland birds like the state-threatened Henslow's sparrow and Bell's vireo.

Since 1970, North America has lost almost 3 billion birds, including more than half of our grassland species. The New Amsterdam Grasslands preserve plays an important role in the conservation of North America's increasingly rare grassland birds.

Northern Engraving Company saved the grasslands from bulldozers and later donated more than one million dollars in land value, which was combined with a nearly million-dollar grant from Wisconsin's Knowles-Nelson Stewardship Fund to make this protection effort possible.

## Public Access

Thirty-five acres are open to the public year-round. The remainder is open from August through March but **closed from April through July** (as detailed on the map) to allow undisturbed nesting during grasslands bird breeding season.

**Dogs and bikes are NOT allowed on this property.** Visitors must follow our **Recreational Use Policy** as well as all federal and state laws and local ordinances. Use either link to see the policy: [mississippivalleyconservancy.org/resources/policies](http://mississippivalleyconservancy.org/resources/policies)

Please respect landowners near Conservancy tracts by observing property boundaries, and stay on the trail to minimize disturbance to wildlife.

## TRAIL MAP

## New Amsterdam Grasslands

W7900 Old NA, Holmen, Wisconsin

# Hiking New Amsterdam Grasslands

(W7900 Old NA, New Amsterdam, WI)

The trails follow the boundaries of an open, rolling prairie. A short trail (a little over a mile) is open year-round. A longer one (2.8 mi) is closed during nesting season, April, May, June, and July.

## How to get to the main trailhead/parking lot from La Crosse:

Follow Hwy 53 north to exit MH. Exit right and follow to stop sign. Turn left onto MH and follow to XX. Turn right on XX and follow it into New Amsterdam. Turn right onto Old NA and follow it for approximately ½ mile to the trailhead and parking lot, which are on the left.

- 1 Start at the kiosk in the parking area and head north through a pedestrian gate.
- 2 Turn left here to complete a 1.1-mile loop, taking you back to the parking area. From August through March you may turn right (through a maintenance gate) and walk a 2.8 mi loop in either direction. This area is closed for bird nesting from April through July.
- 3 From August through March the longer trail is also accessible here. (Instead of turning on Old NA, continue northeast on XX to Prairie Woods St. Turn right, then left on Rotterdam Ave and park along the road near the fence gate.)
